In the 1900's, American townspeople usually washed and brushed their teeth and combed their hair in the kitchen. Or they kept a water pitcher（大水罐）and a wash basin in their rooms and **took care of** these things there.

The bathtub was a wash tub（澡盆）filled with water from the stove. If you were small enough you could sit down by drawing your knees to your chest. Otherwise, you washed yourself standing up. Often all the women and girls in the family bathed first. Then the men and boys did. In most families this was Saturday night because Sundays they went to church.

A small number of families did have running water. But that depended on whether there was a water system where they lived and on whether they could afford the plumbing（水管设施）. Halloween is one of the most famous holidays in the U.S., and it is on October 31. People carve pumpkins and make funny faces on them. These are called "Jack-O-Lanterns." On October 31, children wear a special costume such as a witch, ghost, or clown. They go to many houses and they knock on the door saying, "Trick or Treat!" It means that if people don't give them a treat, they will play some kind of trick on the household. So, usually people give candy to them.

I carved my first Halloween pumpkin at my Friendship Family's house. First, I cut open the top of the pumpkin and pulled the seeds out. It was not good for me because it was sticky and smelled bad. I had never carved a pumpkin, so it was interesting for me. Next, I carved the eyes and the mouth. I wanted to make a face like a pirate. When I finished making the face, I

put a candle inside. It was very beautiful, so I was happy.
