M50 SERIES

双丝杆带激光带吸风
2 Screw Drive With Laser & Suction

MASTER OF TEMPLATE

模板大师

带激光带吸风

With Laser & Suction

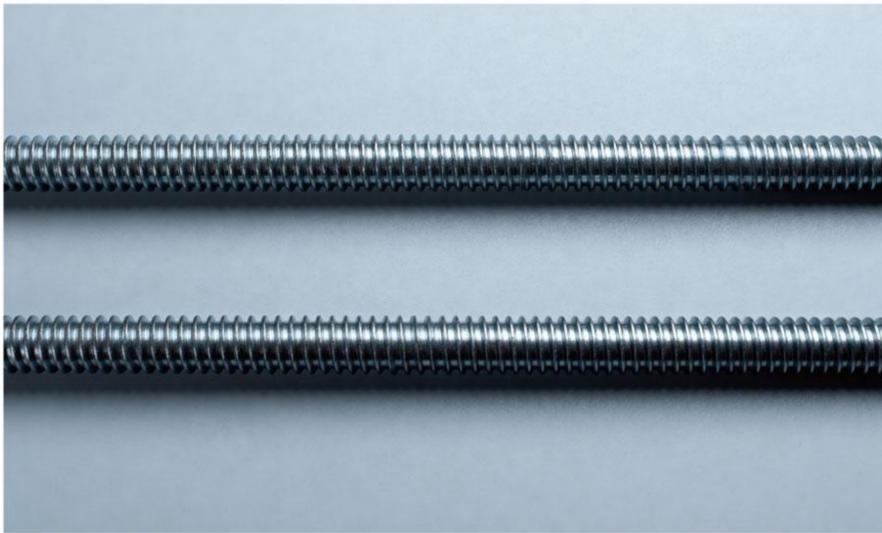

Perfect Stitch 完美线迹

双丝杠带激光带吸风
2 Screw Drive With Laser & Suction

M50-S13090-LK-HF

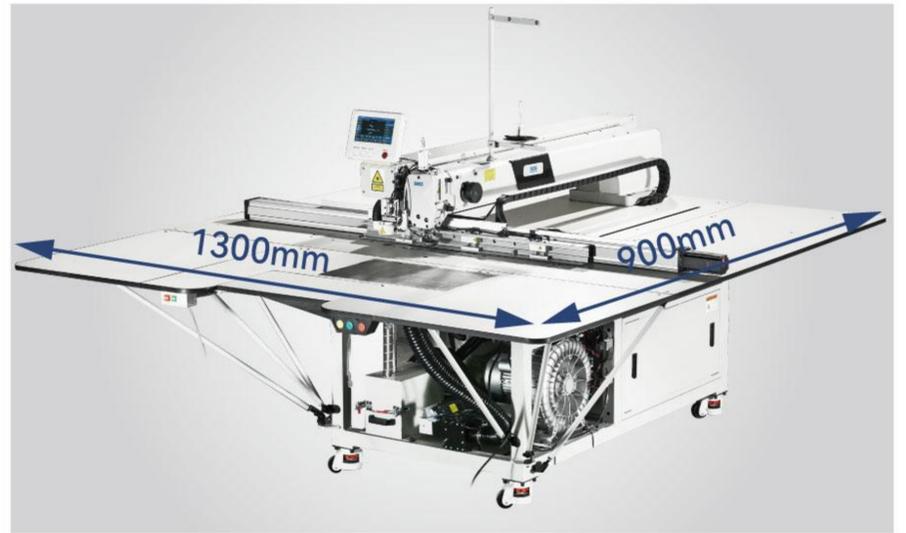

缝制范围1300X900mm/Sewing range 1300X900mm

- 双丝杠送料: 刚性强, 送料平稳, 大模板更优; 传动精度高, 线迹精美, 防漏绒效果明显
Dual-Lead-Screw Feeding System: High rigidity, for stable material feeding, better in large template; exquisite transmission ensures exquisite stitch, remarkable down-proof effect.
- 大底座: 震动噪音低;
Large bed plate, lower vibration and noise;

丝杠送料: 刚性强, 送料平稳
Screw Feeding System: High rigidity, for stable material feeding.

- 双伺服系统: 伺服电机有编码器反馈, 实时调整位置和速度, 精度更高, 防模板跑位;
Dual-servo drive system: Servo motor with encoder enable closed-loop feedback control, Real-time dynamic adjustment of position and speed, Micro-precision movement for flawless results.
- 整机配置: 实心底板、进口丝杠、进口导轨、进口轴承、进口旋梭、全伺服电机, 高速更稳, 寿命更长
Machine configuration: solid baseboard, import lead screw, import guide rail, import bearing, import rotating shuttle and full servo motor, which is high speed, more steady and long service life

超大缝制空间: 左右1300mm(支持订制2000mm), 前后900mm (实际范围)
Super-sized sewing range: X*Y = 1300*900mm (X size customization to 2000mm available)

WIFI传花样: 省去人工拷花样; 免对基准: 模板放入即可缝纫; 轻松实现1人遥控100台模板机
WIFI pattern delivery: save manual work to copy the patterns; benchmark check-free; the machine can sew once you put the template in; easily allow one person to control 100 machines

激光切割: 选配130W激光配置, 能够快速切割8层牛仔布
Laser cutting: with 130W laser configuration, it can quickly cut 8 layers of denim
