S31A SERIES

智能步进电脑平缝机

Intelligent Stepping Computerized Lockstitch Machine

上工休闲全能王

高效稳定智能缝纫设备——全能缝制解决方案

S31A-W 厚薄料/Thick and thin material
S31A-S-W 超薄料/Ultra-thin material

A.M.H

简约现代的流线环绕设计，性能强悍超你所想；超大无界镜面屏，搭配LED蓝光设计，高级尽显；旋风式手轮，打破传统，散热安全无忧；缝制参数实时显示自由设定，一键恢复出厂设置，语音播报功能；采用机头无油设计，彻底解决油污烦恼，清洁缝纫。步进电机控制针距、倒缝和抬压脚，针距精确度可达0.1mm，倒缝和抬压脚无声。具有自动剪线、自动抬压脚、自动倒缝、自动夹线等功能。
更适合棉服、羽绒服，不调机，随意切换，新手、熟练、运动三种模式。

Simple and modern streamline surround design, performance is more powerful than you think; Large unbounded mirror screen, with LED blue light design, advanced display; Whirlwind handwheel, break the tradition, heat safety worry free; Sewing parameters real-time display free setting, one click to restore factory Settings, voice broadcast function; The use of oil-free design of the machine head, completely solve the problem of oil pollution, clean sewing. The stepper motor controls the stitch length, reverse sewing, and presser foot lifting, with a stitch length accuracy of up to 0.1mm. The reverse sewing and presser foot lifting are silent. It has the functions of automatic cutting, automatic lifting and pressing foot, automatic backsewing, automatic clamping and so on.
More suitable for cotton jackets and down jackets, without adjusting the machine, can switch freely, with three modes: novice, proficient, and sport.

机头无油设计，黑金刚针杆
Oil-free design for the machine head, Black King Kong needle bar

行业首创超大空间(310 毫米)
Industry's first ultra-large space (310mm)

中途抬压脚高低度可调 0-10 毫米
The height of the presser foot lifting midway is adjustable from 0 to 10 millimeters.

无需预卷绕功能
No need for pre-winding function

新手模、熟练、运动模式，三模式随意切换
Novice mode, proficient mode, and sport mode; three modes can be switched freely.

免调试缝制一次性缝制厚料到薄料、网眼网纱高端面料快速响应，羽绒、四面弹、皮肤衣、衬布、压胶服
Debug-free sewing: one-time sewing from thick materials to thin materials, mesh and net yarnHigh-end fabrics with quick response: down, four-way stretch, skin-friendly clothing, interlining, and glued clothing
